

## 13' SD385 Saturn Inflatable Boat

The 13-foot SATURN inflatable boat SD385 is one of the largest SATURN motor boats available. The SD385 is great as a fishing boat for 4-5 people, or as large dinghy to carry up to 6 persons maximum from main ship to the shore. With a 15 HP motor and one person, this inflatable boat will fly like a Jet Ski! The SD385 sport runabout was also tested to easily get on plane with a 15 HP outboard engine and 3-4 people, with a cruising speed around of 20-30 mph. This is one tough hard-floor inflatable boat. It's super-stable and great for fishing, or just having fun on the water. Our inflatable motor boats are made of 1100 denier Korean PVC fabric with polyester support that has excellent resistance to tearing, tension and breaking. It is a much more heavy-duty PVC fabric than most of our competitors with 1000 denier PVC boats. Deflated, the SD385 boat will fold to the size of one large bag with tubes and another flat bag with a floor. Once deflated and folded, the SD385 can be easily stored in the back of your SUV or minivan or in a large closet of your apartment. Bag with deflated and packed boat can be easily carried around with inexpensive foldable hand cart. SD385 SATURN inflatable boats come standard with a sectional marine-grade heavy duty plywood floor covered with a protective gray resin. Double layers of fabric at the bottom of the tubes and rub-strake protector along the keel provide extra protection from sharp rocks and abrasive sand. The safety valve will prevent excessive air pressure in the boats chambers.

### SATURN SD385 FEATURES:

- All around rope grab line.
- Separate internal air chambers.
- One-way drain valve with plug.
- All around, durable rubber strike.
- Safety valve to prevent over inflation.
- Stainless steel D-rings for easy towing.
- Reliable flat air valves with pushpin design.
- Front bow D-ring with integral lifting handle.
- Spare rope for attaching anchor is included.
- Double layer of fabric at the bottom of tubes.
- Heavy-duty marine grade plywood floor is included.
- Holds up to 6 persons maximum or 4 comfortably.
- Deep inflatable V-keel with a rub strake protector.
- 24mm thick heavy-duty marine grade plywood transom.
- Lightweight and strong removable aluminum seat benches.
- Free second bench is included when order is placed on-line!
- Equipment: aluminum oars, repair kit, seat bench and carry bag.
- Free, complimentary generic high-volume hand pump is included.

### Tech Specs\*

	<b>SD385</b>
Overall Length	13'
Inside Length	8.4'
Overall Width	5.7'
Inside Width	2.8'
Tube Diameter	18"
Chambers	3+1
Person Capacity	5 + 1
Loading Capacity	1500 lbs
Max Motor Power	30 HP (15" shaft / 150 lbs)
Tube Weight	120 lbs
Tube Shipping Size	52 x 28 x 13"
Tube Shipping Weight	130 lbs
Floor Type	Marine Grade Plywood
Floor Shipping Size	42 x 28 x 5"
Floor Shipping Weight	70 lbs
Material	1100 Denier Reinforced PVC
Seams	Quadruple Overlap
Speed (approx.)	25 mph (25HP w/2 adults)
